How to Deter Identity Theft

The number of Americans trapped by identity theft is on the rise, but victims are striking back more quickly and limiting how much is stolen.

Here are a few
tips to help you
guard against identity theft:

1. Always shred paperwork and financial documents with personal information instead of just tossing in the trash.
2. Don't carry your Social Security card in your wallet.
3. Don't write or have your social Security number printed on your check.
4. Provide your Social Security number only if absolutely necessary and request to use another identifier.
5. Don't provide personal or credit card information on the phone, over the Internet, and through the mail unless you know who you are dealing with.
6. Do not click on links sent in unsolicited e-mails or provide personal information in response to unsolicited e-mails.
7. Never use an obvious password, such as your mother's maiden name, your birth date, or the last four digits of your social Security number.
8. Always keep your personal information in a secure place at home.
9. Review account statements regularly to ensure all charges are correct.

If you feel you are a victim of identity theft, contact the Credit Union immediately and make them aware of the situation. It is important to notify credit card companies and financial institutions in writing. Send your letters by certified mail, return receipt requested, so you can document when and what the company received. Keep copies of your correspondence and enclosures.

IRS Tax Credit Available... Get up to \$6,500 or \$8,000!!!

CU Mortgage Network
Article by Dan Sagle

In November President Obama extended the first time home buyer tax credit through April 30th, 2010. If you are under contract by April 30th, 2010 and you are first time home buyer (have not owned or had interest in a property within the last 3 years) then you may receive a check for up to \$8000 in the mail shortly after you close on your home. This is a great incentive to look at a new home now.

First-time home buyers who bought after January 1, 2009 or are buying a home before April 1 2010 (with closing to take place before July 1 2010), are eligible to get up to **\$8,000** home buyer tax credit. For the purposes of claiming the tax credit, the purchase date is the date when closing occurs and the title to the property transfers to the home owner.

Current Homeowners looking for a replacement primary residence could also qualify for **\$6,500** (up to \$3,250 for a married individual filing separately) under the new "long-time resident" provision. You must have lived in the same principal residence for any five-consecutive year period during the eight-year period that ended on the date replacement home is purchased. This new provision also only applies to homes purchased after Nov. 6th 2009.

Are rates going UP???

Very Likely!!! Higher rates are projected as the Federal Reserve quits buying mortgage debt. So lock in your low rate while you can.

According to some experts, we should figure on higher mortgage rates by spring 2010, with 30-year fixed loans in the neighborhood of 6%. Possibly higher if the recovery is stronger than expected and businesses start selling corporate bonds to fund capital investment projects.

CU Mortgage Network offers **FREE** applications and you can apply over the phone or online at www.cumortgagenetwork.com.
